

As of January 2021, all Registered Trainers, all Tier Trainers, Specialist 2 & 3 Trainers, and TA Professionals must submit to the Wisconsin Registry documentation of a completed criminal background record check completed within the last 5 years. This requirement helps maintain the integrity of both the Wisconsin Registry and the community of approved Trainers and TA Professionals providing professional development to the early care and education field of WI. By requiring a criminal background record check for all approved Registered Trainers, all Tier Trainers, Specialist 2 & 3 Trainers, and TA Professionals, the Wisconsin Registry is holding these individuals to the same standards as early care and education professionals and taking precautions to protect the safety of professional development participants.

The criminal background record check must be submitted to the Wisconsin Registry at the time of submitting a Registry Trainer or TA Professional application. The criminal background record check must be dated within the last 5 years. The Final Eligibility letter from the Department of Children and Families (DCF) or the Department of Justice (DOJ) name-based criminal history record check is accepted by the Wisconsin Registry as proof of a completed background check.

The Wisconsin Registry's requirement for Trainers and TA Professionals is consistent with the barred crimes listed on the [Barred Offenses – Regulated Child Care](#) document as determined by DCF Admin Code Chapter 13.
