The Wisconsin Registry Diversity Credential

**Read this Booklet Carefully and Completely
Before Beginning Your Credential Portfolio**

Definition of Terms

Portfolio: A collection of work to reflect your learning experiences and display your application of knowledge through completing the course work for a Registry Credential. A portfolio is typically packaged in an e-Portfolio program to complete the requirements for commission.

Rationale: The explanation and/or demonstration of how you applied and used the knowledge and skills you learned from the credential courses to fulfill a portfolio requirement. Consider this the ‘story of your journey’ and reflect on your application of knowledge through the completion of specific artifacts.

Artifacts/Work Samples: Supporting documentation

Reasons for Creating a Portfolio

Your portfolio is a creative, living document that will include a variety of materials to reflect your learning journey. A portfolio gives you the opportunity to:

- Present a comprehensive collection of your work to demonstrate your ability to integrate and apply the knowledge and skills taught in the credential into best practice.
- Use self-reflective skills to advance and plan for future professional development.
- Validate your competency within the field as a professional.

Although each portfolio will be unique, there are specific requirements that must be met to complete a Registry Credential. Your portfolio is a compilation of artifacts created while completing the following four credential courses:

Course 1: Building a Foundation for Understanding Diversity

Course 2: Building on the Assets of Families and their Cultures

Course 3: Culturally Appropriate Interactions and Guidance

Capstone Course 4: Authentic Curriculum that Connects with Children

The Diversity Credential courses were designed to follow a sequence and must be completed in the prescribed order.

Your portfolio will be presented to a Registry Commissioner who will determine if you have met all requirements for the credential. This guide will provide you with the information you need to successfully put your portfolio together.

Overall Composition and Required Sequence of Your Portfolio

Electronic Portfolios

It is **highly recommended** that your portfolio be completed electronically. Effective January 2022, **an e-Portfolio is the only format acceptable at both virtual and in-person commissions.** When creating an electronic portfolio, check with your Capstone instructor for the e-Portfolio program used by the college. Please note, your Capstone instructor may not give you an option of portfolio format and solely require an e-Portfolio for your course.

Examples of e-Portfolio sites include:

- Blogger (https://www.blogger.com/about/?r=1-null_user)
- LiveBinders (<http://www.livebinders.com>)
- Google Sites (<https://sites.google.com/site/eportfolioapps/>)
- Weebly (<https://www.weebly.com/>)

Did you know?

- All the above sites have a FREE option available to create your e-Portfolio.
- Each e-Portfolio site has tutorials to help you get started.
- You can search YouTube for easy-to-follow videos of folks demonstrating how to create an e-Portfolio.

When creating an e-Portfolio, there are a few things you should keep in mind.

1. As a precaution, back up ALL your documents onto a secure drive (flash drive, etc.).
2. The electronic portfolio you create will be organized much as you would a three-ring binder. You will create and use tabs just as you would use tabs in a binder to set up and organize materials into categories.
3. While certain content is required to demonstrate the range and depth of your knowledge and skills, individuals have a great deal of flexibility and creativity in making their e-Portfolios unique by selecting from a range of templates available.
4. Remember this is a professional portfolio so all work must be clearly written, grammatically correct and contain minimal spelling errors.

Before you send your e-Portfolio, don't forget to **check the privacy settings** on the e-Portfolio program to be sure the Commissioner will have access. When emailing your e-Portfolio link to the Commissioner, be sure to include any permissions and/or passwords needed to view the portfolio.

Remember e-Portfolio programs are public sites, so you should not include YouTube video links, sensitive personal information, or financial documents within your e-Portfolio for confidentiality reasons. Instead, send any confidential documents in a separate email to the Commissioner and follow the directions for safe video sharing.

Physical Portfolios

Physical portfolios are only accepted at in-person commissions. If you elect to create a physical portfolio as a collection of typed documents presented in a three-ring binder format, you need to keep the following in mind.

- Be sure you have all original documents saved on a secure drive (flash drive, etc.) before mailing your portfolio to the Commissioner.

The Wisconsin Registry Diversity Credential

- If you are submitting videos, post them privately to YouTube for Commissioner viewing. Guidelines and information for submitting videos are included in this guide under the content area *Teaching Practices*. **Do not send videos on a flash drive or any other kind of device; they will not be viewed.**
- Clearly label your portfolio and any pieces of your project with your name. Be sure any items that are part of your project can be easily identified.
- You are responsible for mailing your physical portfolio to your assigned Registry Commissioner, so it is delivered by the portfolio due date. The Commissioner will return your physical portfolio to you in-person during the commission.

Portfolio Sequence

Whether you choose to create an electronic or physical portfolio, your portfolio must be put together in the sequence indicated in the credential portfolio/project guide. Be sure to include the following:

- Your name should be on the first page of the e-Portfolio or on the outside cover of the physical binder portfolio.
- Include a title page and table of contents.
- Label each section and category of an e-Portfolio or use dividers/tabs between each section of a physical binder.
- Categories must be in the required sequence and must include the required portfolio components noted in the credential portfolio/project guide.
- Strive to make your portfolio professional, creative, and attractive with written work that is clear, legible, descriptive, grammatically correct, without spelling errors, and is free of gender or cultural bias.

Introductory Section

1. Candidate Name and Contact Information
2. Authenticity Statement
3. Autobiography
4. Resume
5. Summary of Growth

Diversity Toolkit Section

1. Philosophy
2. Culturally Responsive Teaching
3. Assets of Children & Families
4. Interactions & Guidance
5. Authentic Curriculum

Project Section

1. Capstone Project
 - Project Overview
 - Project Approach
 - Project Implementation
 - Project Evaluation

The Wisconsin Registry Diversity Credential

- References and Resources

Contents of Your Portfolio

Introductory Section

The Introductory Section must include the following five (5) items:

1. Name and Contact Information (1 page)
2. Authenticity Statement
3. Autobiography
 - Reflect on the life experiences that influenced you to pursue a career in early childhood. It may reflect your life from childhood to the present or address only the areas of your life that directly influenced your career path.
 - 2 pages maximum, double-spaced
 - This can be one from a previous credential.
4. Professional Resume
5. Summary of Growth
 - Your summary will describe how your participation in this credential accomplished the following:
 - Enhanced the development of your skills in teaching children who are from diverse backgrounds.
 - Improved your effectiveness in supporting children and families from diverse backgrounds in your program and/or community
 - Challenged you to risk going beyond your comfort level
 - Made an impact in your program and/or community
 - Includes your plans for the future

Diversity Toolkit Section

The work samples that are developed for this section will provide a “toolkit” to guide you as you continue to develop your program. Each work sample is taken from a credential course and must include a rationale.

The Diversity Toolkit must include the following five (5) items:

1. Personal Philosophy Statement on teaching children who are from diverse backgrounds. Reflect and write an informed response to the guiding statements below. (1-page maximum)
 - My philosophy of early childhood education for children from diverse backgrounds:
 - This is what I value about children who are from diverse backgrounds.
 - This is what I believe is important for nurturing the growth and development of children who are from diverse backgrounds.
 - Important practices in my early childhood classroom and program.
 - My goals
 - For children who are from diverse backgrounds are _____.
 - For families of children who are from diverse backgrounds are _____.
2. Culturally Responsive Teaching

The Wisconsin Registry Diversity Credential

- **This is a 2-part entry.** Include both your Exploring Personal VS Cultural Identity AND your Parent Handbook from Course 1: What is Culturally Responsive Teaching?
 - Reflect, revise and update this first draft to integrate the new knowledge you have acquired from completing the four credential courses. This update will demonstrate how you have practiced and implemented best practices into your work. This is your opportunity to use the feedback you received from your instructor to strengthen each assessment.
 - Include with your 2-part entry a rationale that addresses the following:
 - Explain the impact completing the personal verses cultural identity activity and parent handbook had on you and/or your program.
 - Write 4-5 sentences to describe what you learned about culturally responsive teaching, and how you applied the knowledge to your teaching and/or program.
3. Assets of Families & Cultures
- **This is a 2-part entry.** Include both your Family Intake Sheet AND your Parent Education Program from Course 2: Building on the Assets of Families and Cultures.
 - Reflect, revise and update this first draft to integrate the new knowledge you have acquired from completing the four credential courses. This update will demonstrate how you have practiced and implemented best practices into your work. This is your opportunity to use the feedback you received from your instructor to strengthen each assessment.
 - Include with your 2-part entry a rationale that addresses the following:
 - Explain the impact completing the family intake sheet and parent education program had on you and/or your program.
 - Write 4-5 sentences to describe what you learned about building on the assets of families and cultures, and how you applied the knowledge to your teaching and/or program.
4. Interactions and Guidance
- **This is a 2-part entry.** Include both your Documentation and Reflection AND your Photo Narration from Course 3: Culturally Appropriate Interactions and Guidance.
 - Reflect, revise and update this first draft to integrate the new knowledge you have acquired from completing the four credential courses. This update will demonstrate how you have practiced and implemented best practices into your work. This is your opportunity to use the feedback you received from your instructor to strengthen each assessment.
 - Include with your 2-part entry a rationale that addresses the following:
 - Explain the impact completing the documentation and reflection and the photo narration had on you and/or your program.
 - Write 4-5 sentences to describe what you learned about culturally appropriate interactions and guidance, and how you applied the knowledge to your teaching and/or program.
5. Authentic Curriculum
- **This is a 2-part entry.** Include both your Learning Experience Planning (3-parts) AND your Self-Assessment from Course 4: Authentic Curriculum the Connects with Children.
 - Reflect, revise and update this first draft to integrate the new knowledge you have acquired from completing the four credential courses. This update will demonstrate how you have

The Wisconsin Registry Diversity Credential

practiced and implemented best practices into your work. This is your opportunity to use the feedback you received from your instructor to strengthen each assessment.

- Include with your 2-part entry a rationale that addresses the following:
 - Explain the impact completing the learning experience plan and the self-assessment had on you and/or your program.
 - Write 4-5 sentences to describe what you learned about authentic curriculum that connects with children, and how you applied the knowledge to your teaching and/or program.

Capstone Project Section

Your Capstone Project demonstrates your ability to integrate and apply the knowledge and skills in program development taught in the credential courses. Your Capstone Project will give you the opportunity to:

- Apply the comprehensive knowledge learned from the Diversity Credential courses.
- Reflect on your general beliefs and attitudes on teaching children from diverse backgrounds.
- Complete a project that is relevant to your work in teaching children from diverse backgrounds.

Choose one of the four (4) project options.

1. *Center Policies & Procedures and Enrollment Packet*

- Apply what you have learned throughout the four courses to revise and expand upon the new Parent Handbook sections you wrote to developing a new or revised Center Policies and Procedures; a document that serves to guide all decision making by leaders and staff and meets or exceeds licensing rules. The Center Policies and Procedures must reflect your new thinking and approaches in all aspects of providing care, including:
 - Philosophy to working with children and families
 - Approaches to supporting diversity and inclusion
 - Admissions and enrollment
 - Food/meals
 - Diapering and toilet training
 - Naps
 - Child guidance
 - Family involvement and support
 - Absences
 - EVERYTHING else you would want to share with parents
- Additionally, include all forms to be used for enrollment of a new child and family to the program, reflecting again on your approach for full inclusion of families from diverse backgrounds. This packet should include an Enrollment Form (gathering information about the child's family) and the Intake Form (created in Course 2) as well as any additional forms that will help you meet the needs of the whole family.

2. *Assessing Quality through a Culturally Competent Lens*

- Quality rating systems typically look at elements such as; staff qualifications, learning environment and curriculum, health and safety, leadership and management, teacher professional development and family involvement/engagement. These are all important

The Wisconsin Registry Diversity Credential

elements of quality, but do not take cultural competence into consideration specifically. Utilizing the matrix provided at the end of the Quality Benchmark for Cultural Competence Project document (see PDF) published by NAEYC in 2009, and NAEYC's Position Statements - Where we Stand Statement on Linguistic and Cultural Diversity AND Where we Stand on English Language Learners as resources, assess the program/school you work in through a Cultural Competence Lens. Create a detailed narrative describing the program strengths, opportunities, and action steps you will take as an informed advocate and ally. Use the NAEYC Position Statements as well as other resources from any course to support action steps identified.

3. *Observing for Culturally Responsive Teaching Practices*

- Schedule an opportunity to observe in a center or school that is new to you; one that serves a diverse population of children and families. Plan to spend at least 3 hours, observing in at least two classrooms. Using the Culturally Responsive Teaching (CRT) Walk Through Observation Guide as a tool, take notes and photos (with permission) documenting what you see and hear in the environment, and the conversations you hear around you. Analyze your observations, identifying strengths as well as opportunities for improvement, in a 3-5-page paper. Provide research to support both, and suggested strategies where opportunities lie. Incorporate learning from throughout the four courses.

4. *Your Choice*

- Develop an individual plan or strategy for quality improvement that incorporates many aspects of program development that is relevant to your program and/or work in the field. Your project plan requires the approval of your Capstone instructor. Consider the development of an additional tool for your diversity and cultural competency toolkit or develop a plan or strategy for implementing a new component to your program you did not realize was missing before taking this credential. Your project needs to be something *new* that you have done or is something you are in the process of completing. *NOTE: Your Capstone Project must be your own ideas and work. It cannot be a project that is done by others in your program that you helped with.*

Capstone Project Requirements

- Your full Capstone Project must be uploaded, or a copy included, in your portfolio, with the required components clearly labeled.
- Your Capstone Project must incorporate applications of theory and/or practice from each credential course.
 - **Cite within your project 3-5 objectives from each course that were important in the development of your project.** Include with each objective an explanation of how the course objective ties in with a project component.
 - Everything is interconnected. If you are not able to pull objectives from every course, your project is not big enough.
- Your Capstone Project may or may not include work samples.
 - Be sure to include anything you created as this is documentation/proof of your work.
 - Each work sample must be accompanied by a rationale.

The Capstone Project must include the following five (5) components:

The Wisconsin Registry Diversity Credential

1. Project Overview
 - a. Narrative describing your project and identifying what you expect to achieve.
2. Project Approach
 - a. Describe your approach to developing your individual plan or strategy for quality improvement.
 - b. Include what you discovered in your research that influenced your plan or strategy.
 - c. Cite relevant course objectives and explain how the objectives tie into the project approach.
3. Project Implementation
 - a. Provide details of your implementation plan.
 - b. If your project is currently in process, include your plans that led you to present day and your plans for the future.
 - c. Describe what strategies were most effective for you in accomplishing your project. Include what you have done and why.
 - d. Explain how you addressed cultural competency as it relates to your project.
 - e. Cite relevant course objectives and explain how the objectives tie into project implementation.
4. Project Evaluation
 - a. Evaluate your process for completing your project and your results.
 - b. Was your project successful? Why or why not? Did your project substantially increase your program's ability to meet high quality standards?
 - c. Did you have a clear pathway to implementation? Why or why not?
 - d. Did your project reveal new insights or problems you did not anticipate? If so, what were they?
 - e. Has your project inspired further action? What are your future plans for quality improvement as a result of your project?
5. References and Resources
 - a. This should be a list of all the references and resources used to develop your project.
 - b. Resources and references are books, articles, internet searches, interview with experts, etc.
 - c. **At a minimum, include 3 text resources and 3 interviews** (teachers, parents, program owners, administrators, consultants, architects, etc.) A significant project should not be completed without the input of others. Use initials and job titles of the individuals interviewed for confidentiality. Be sure to include the date of your interview, even if it is an informal conversation, and a brief summary of what was discussed.
 - d. All references and resources must be documented in your reference section and **cited** within your project appropriately using APA style.
 - e. APA Quick Reference Guide is located on page 17. For intext-citation help, visit <http://guides.libraries.psu.edu/apaquickguide/intext>

If you have questions regarding your Capstone Project, contact your instructor for assistance. If you have questions regarding the creation of your portfolio, contact the Wisconsin Registry.

Considerations for Project Work Samples

- A rationale must accompany each work sample.
- Work samples are of your **own** work related to your project.

The Wisconsin Registry Diversity Credential

- Each work sample should represent knowledge you have gained from the credential courses.
- Be sure to include work samples, such as models, materials, photos, blueprints, etc. that support and reflect the content of your project.
- It is not required you include work samples, however be sure to fully develop your portfolio to reflect and support your project. For example, if you state in your project that you created a flier for a fundraiser, include a copy of the flier as your documentation (work sample).
- A work sample may be something you've developed previously, but it should reflect enhancements or revisions you've added because of your learning and growth throughout the credential courses.
- If the work sample is a form, letter, or another document you created, you may wish to also include a description of the process you went through in developing the document. In the description, explain the sample in detail to a reader who has never seen it before. Give a description that offers a better understanding of the item than just by looking at the sample alone.
- It is the student's responsibility to provide media samples in a format that is easily accessible to both your instructor and Registry Commissioner.

Rationales for Each Work Sample

- A rationale must accompany each work sample.
- Each rationale is the “how” and “why” of the work sample. Your rationales tell the story of your work sample.
- Your rationale must:
 - Be no more than one page. If you have written more than one page, consider putting some of the information in the description, which is part of the work sample.
 - Be concise, yet thorough.
 - Be typed in 12 pt. font, 1.5-line spacing, with one-inch margins.
- Your rationale must address the following:
 - Explain what the work sample is, who it is for (audience), and how it was or will be used.
 - Explain why you created this work sample or what the need was that brought you to create it.
 - Describe the decisions made in its development, who you worked with, what choices were considered, and why the choices were made.
 - Examine the impact the work sample had on you and/or your project.
 - Analyze what you learned through the creation of your work sample, addressing how you've applied knowledge gained from the credential courses.

Confidentiality

If pictures, video, and/or observations of children are included, it is important that the child and family remain anonymous to maintain professional confidentiality. If this confidentiality is violated, requirements of the credential will not be fully met.

- You must include a signed **Video Recording & Photos—Credential Student Agreement Form** in your portfolio. Review this document carefully.
- Include the **Verification of Video/Photo Permission Form** that states that you have signed permission to use the child's photo, video or observation records.
- Obtain written permission signed by child's parent or guardian using the **Video & Photo Release Consent Form—Parent/Guardian**. Do not include the consent forms in the portfolio, but you must

The Wisconsin Registry Diversity Credential

share them privately with the Commissioner by email or have them available to show the Commissioner at the Commission.

- Review the [Student Commission Toolkit](#) and [YouTube Video Tutorial](#) on how to upload a video to YouTube for commissioner viewing. These resources are available on the Wisconsin Registry website under [Credential Resources](#).

Diversity Credential Course Objectives

Your Capstone Project must incorporate applications of theory and/or practice from each credential course. **Within your project, site 3-5 objectives from each course that were important in the development of your project.** Included in this guide is a list of all course objectives from the four credential courses for your reference.

Course 1: Building a Foundation for Understanding Diversity

Students will demonstrate the following:

1. Critically consider the history of oppression and prevalence systemic racism throughout US history.
2. Develop deep and personal understanding of the cultural and social identities held by self and others, and how these intersect.
3. Critically consider who holds power, how it is expressed and the systems in place to maintain it.
4. Follow best practices in support of the dignity and personal agency of all people.
5. Develop understanding of and strategies for preventing and addressing practices that hurt people.
6. Move beyond the constraints of privilege and white fragility.
7. Demonstrate ability to critically self-assess own current stage of development identify your current phase of critical self-reflection and create a plan for growth.
8. Adopt principles of Equity Literacy into teaching practices.

Course 2: Building on the Assets of Families and Cultures

Students will demonstrate the following:

1. Develop an understanding of the diversity within family structures and communities, and the implications of changes within this diversity for child care programs and communities.
2. Utilize an asset/strength-based lens when describing families from varying ethnic and cultural backgrounds.
3. View trusting relationships as the first step toward building partnerships and increasing involvement of families in the program.
4. Recognize and support the rich opportunities families have to support children's learning through real-life experiences and opportunities in their homes and communities.
5. Develop research based strategies for creating classroom environments and a program level culture that sees the strength in all family types.
6. Rethink the meaning of and create family engagement opportunities accessible for all families.
7. Establish a culture of equality and partnership with families rather than power and control.
8. Empower teachers and families with the skills and strategies needed to advocate on behalf of and develop mutually beneficial partnerships with families, within and outside the child care program or school.

The Wisconsin Registry Diversity Credential

Course 3: Culturally Appropriate Interactions and Guidance

Students will demonstrate the following:

1. Question the meaning of demographic shifts in relation to cultural disparity and the implicit biases that are associated with this condition.
2. Understand the influences of implicit bias and cultural lens when viewing the decisions families make when raising their children.
3. Develop the skills and dispositions needed to provide effective and appropriate cross-cultural child guidance.
4. Develop strategies for building resiliency and armoring children to help them withstand discrimination.
5. Explain the various ways families teach, guide, and influence their children and the educator's role in honoring cultural and language differences in the classroom.
6. Construct strategies for creating a trauma sensitive classroom environment to help children overcome growing up in a violent world.
7. Develop equitable strategies designed to help close the opportunity gap for children from diverse backgrounds.
8. Advocate for culturally responsive child guidance practices by sharing new knowledge and skills with other professionals.

Course 4: Authentic Curriculum that Connects with Children

Students will demonstrate the following:

1. Apply principles of Backward Design while implementing the teaching cycle.
2. Demonstrate ability to integrate WMELS and Social Justice Standards throughout the curriculum.
3. Utilize best practice approaches to supporting literacy development in classrooms serving multiple cultures and languages.
4. Use culturally sustaining pedagogical approaches and authentic curriculum approaches.
5. Utilize culturally and linguistically relevant authentic informal assessment strategies as part of the teaching cycle.
6. Model understanding of the need for inclusive early childhood environments that support authentic curriculum goals for diverse learners.
7. Develop strategies for holding all children to high expectations for thinking and learning.
8. Critically reflect on own growth and development in related to research based, equity-minded practices.

The Wisconsin Registry Diversity Credential

Receiving the Wisconsin Registry Diversity Credential

When you have successfully completed the courses required for a Registry Credential and your portfolio is complete, the final requirement is to present your portfolio to a Registry Commissioner. The Commission process steps are explained below:

1. Candidate completes the portfolio/project.
2. Candidate submits a completed *Registration for Commission* form with payment to the Wisconsin Registry.
3. The Wisconsin Registry emails a confirmation of registration, including the Commission details with a payment receipt.
4. Candidate makes delivery arrangements for their portfolio/project based on the instructions received from the Wisconsin Registry or the Instructor.
5. Candidate attends the scheduled Commission.
6. Commissioner notifies the Wisconsin Registry of successful completion of the commission process.
7. Candidate submits to the Wisconsin Registry official documentation of successful completion of credential coursework. Once verified, the Wisconsin Registry sends a Credential Certificate to the candidate.

Request for Commission

Commissions are convened throughout the state several times each year. Candidates who have completed all the credential coursework and are preparing a credential portfolio/project may submit a completed *Registration for Commission* form to the Wisconsin Registry. In most cases, the course instructor will schedule the Commission; however, you may join a scheduled Commission if you are not part of a class. Visit the [Commission page](#) of the Wisconsin Registry website to view the list of upcoming Commissions.

You must submit a *Registration for Commission* form with the required commission fee to be registered to a Commission. The *Registration for Commission* form is located on the [Credential Resource](#) page of the Wisconsin Registry website.

Fax your *Registration for Commission* form to (608) 222-9779 or **mail** your form to:

Wisconsin Registry
Attn: Credentials
2908 Marketplace Drive #103
Fitchburg, WI 53719

The following requirements must be completed when submitting the *Registration for Commission* form:

- **Registry Membership:** All credential candidates must have a Registry Membership or must apply to the Wisconsin Registry prior to commissioning. You do not need to include a copy of your Registry certificate; the Wisconsin Registry will confirm your membership in the system. Standard application processing time is 5-7 weeks.
 - **If you have never applied:** Visit our website at www.wiregistry.org to apply online or download an application. We will verify your application has been submitted when we receive your *Registration for Commission* form.

The Wisconsin Registry Diversity Credential

- **If you have applied but never received a Registry certificate because you were not eligible or your application was incomplete/unpaid:** You must submit a one-year renewal with the applicable renewal fee and any documentation that was missing previously. Visit our website at www.wiregistry.org to renew online or download an application.
- **Commission Fee:** Each student is required to pay a \$300 Commission fee. Once paid, commission fees are non-refundable and non-transferable. Payment in full must be included with the *Registration for Commission* form. The Wisconsin Registry will send you a payment receipt with your registration confirmation email. The commission fee covers the processing of the credential and administration of the commission system. If you are a T.E.A.C.H. scholarship recipient, contact your T.E.A.C.H. counselor for information on the reimbursement process. Visit <http://wisconsinearlychildhood.org/programs/teach> for more information.

The Wisconsin Registry Credential Commissioners

Registry Commissioners are early care and education professionals who have been trained to objectively evaluate your portfolio/project using the assessment tool designed for each specific credential. Each Registry Commissioner has completed at least one of the Wisconsin Registry Credentials, presented a project or portfolio, and successfully completed the commission process.

The Commission Process

Your portfolio/project must be received by the Registry Commissioner **at least ten (10) days prior** to the date of the commission for review. Please review the portfolio/project assessment form available on the [Credential Resource](#) page of the Wisconsin Registry website to ensure you have included all required components. If you have visuals, such as display/picture boards, samples, blueprints, or scale models do not submit them with the written portion of your project. You may share these with the Commissioner at the commission.

There are two parts to the Commission.

1. **Presentation of your Learning Story:** Your classmates and other credential candidates will be present during your presentation. The time frame for individual presentations is at the discretion of the commission host and based on the commission group size. In approximately 5-10 minutes address the following questions within your presentation.
 - How has the Diversity credential changed you as an educator?
 - What does completing this credential mean to you?
 - What are you passionate about as it relates to the teaching of children from diverse backgrounds?
 - How will you contribute in the future to diversity and cultural competency as it relates to quality early childhood education?
2. **Individual Meeting with the Commissioner:** You will meet with the Registry Commissioner to complete the commission process. This is an opportunity for the Commissioner to ask you any questions s/he may have about your portfolio/project. The Commissioner will give you feedback and comments about your portfolio/project. You will be informed if you have successfully completed the commission during your individual meeting with the Commissioner. If your commission portfolio/project is incomplete, the Commissioner will advise you on what you will

The Wisconsin Registry Diversity Credential

need to do to complete the portfolio/project. If you are asked to submit additional materials, you will submit them directly to the Commissioner by the deadline provided by the Commissioner. In the event the additional materials are not submitted as requested by the deadline, you will not pass the commission.

Awarding the Credential

You will receive your Credential Certificate when you have done the following:

- Received a Registry Career Level Certificate or submitted a complete application for membership. If your first-time application is put on “Incomplete” status, you will not receive your Credential Certificate until the necessary fee or information is received and the “Incomplete” status is resolved.
- Successfully completed the commission process.
- **Submitted Credential Course Documentation:** Please note that your credential **will not** be verified until the Wisconsin Registry receives an official transcript showing successful completion of all four credential courses. Official transcripts must be sent directly to the Wisconsin Registry in an unopened, originally sealed envelope or by secure email from the institution of higher education. Photocopies of official transcripts, grade reports, or unofficial transcripts are not accepted. You must receive a C- or better in each course to be eligible for the credential.

Appeal Process

You may send a letter to the Wisconsin Registry if you do not agree with the results of your commission. The letter will be reviewed by the Executive Director or designated qualified staff. You will receive a letter indicating the Wisconsin Registry’s decision within 30 days of the receipt of your letter. If your concern has not been resolved to your satisfaction, you may request that The Board of Directors review your project and your letter of appeal. The Board of Directors will review your appeal at the next regularly scheduled meeting. The Wisconsin Registry Board meets four times per year and the board meeting schedule is available on the Wisconsin Registry website.

The Wisconsin Registry Diversity Credential

Authenticity Statement

Insert the completed statement as the second page of your portfolio. This may be scanned for insertion in an electronic portfolio.

I _____ am presenting this portfolio in this month
of _____ year of _____ and I attest that this is my
original work, or I have cited where applicable.

Video Recording & Photos—Credential Student Agreement

This is a required form. Failure to submit this form with your credential portfolio will result in unsuccessful completion of the commission process.

Video clips and/or photos are included in your credential portfolio because it adds richness and valuable context to the evaluation of your teaching. However, because videos and photos will almost always include identifiable images of children, their use carries some significant ethical and legal responsibilities. For reasons of privacy and safety, many parents are concerned about their children appearing in videos and photos, especially any that might be used outside the classroom. For both legal and ethical reasons, *those concerns must be respected at all times*. Doing so requires you to adhere to the following guidelines:

- 1. Parents and guardians must be asked to consent to having their child appear in a video or photo.**
Permission from a supervisor or director to video record and take photos must also be confirmed.
Supervisor/Director signature: _____ Date: _____
- 2. Before creating a video or taking a photo, you must guarantee the following:**
 - Any children whose parents did not grant permission to appear in the video recording or in photos is identified. To avoid including those children in the video or photo, the camera must be positioned to not capture their images. If necessary, focus the camera on you teaching the activity, or on the backs of the children or the children's hands. Any faces captured of children not given permission to be in the video or photo must be blurred out. *Important note: Non-consenting children must not be excluded from the learning experience.*
 - Any student work you submit as part of the credential portfolio must not contain any identifying information about the child, including but not limited to, the child's name, any clothing that identifies the child or the location the video or photo was taken, or any items in the environment that can pinpoint the location of the video recording or photo.
 - The locator is turned off on your device before video recording or taking the photo to maintain confidentiality.
- 3. Once created, video clips and/or photos must be submitted as part of your credential portfolio requirements and can be shared with your course instructor, but must not be shared or distributed beyond that.**
 - Video clips and photos are created solely to be used as part of your credential commission.
 - No part of a video or photo (whether or not included with your submission) should be used for any other personal or professional purposes, including but not limited to, being posted online for purposes outside the commission process, shared with your family or friends, shared with the children's families, posted on social media, included in a job portfolio, or used within a presentation.
 - **Anyone suspected of misusing video clips and/or photos will be reported to the Wisconsin Registry. This violation falls under the FERPA laws and are subject to an investigation. Other possible civil and criminal investigations and/or penalties can apply.** *Remember: Once you have shared the video or photo electronically with anyone, you have effectively lost control of it.*
- 4. Once you have received confirmation that you have successfully completed the credential commission requirements, video clips and photos must be deleted.** This includes not only the segments submitted, but any photos or video material created as part of your effort to prepare for and complete the credential portfolio requirements.

I have read the above guidelines and agree to follow them.

The Wisconsin Registry Diversity Credential

Video & Photo Release Consent Form—Parent/Guardian

Dear Parent/Guardian,

An early childhood educator in your child’s classroom is pursuing a Registry Credential. Registry Credentials are credit-based programs focused on job specific skills students can apply to their current positions in the childhood care and education profession. To complete the commission requirements for a Registry Credential in Wisconsin, the educator must demonstrate:

- Application of knowledge
- Teaching ability of learning activities
- Interaction with caregiving routines

When photos, videos, and/or observations of children are included in a Credential portfolio, it is important the child and family remain anonymous to maintain professional confidentiality.

To maintain confidentiality, video recordings are shared privately with a Registry Commissioner and course instructor by email and are deleted after completion of the Registry Credential. Photos may be included in portfolio entries as evidence of teaching practice.

If you give permission below, your child may appear in video recording(s) and photo(s). If you do not give permission, your child will still participate in the activities, but the camera will be positioned not to capture their image.

Child Name _____

I am the parent/legal guardian of the child named above. I have received and read the letter above and agree to the following:

(Please check the appropriate box below.)

- I DO give permission to include my child in video recordings and photos. I understand the video recordings and photos will be shared only with a Registry Commissioner and course instructor as evidence of teaching practice.
- I DO NOT give permission to video record or photo my child.

Signature of Parent/Guardian:

Signature

Date

Printed name

This form is required for each child that appears in a video clip or photo. Failure to submit this form with your video clip or photo will result in unsuccessful completion of the commission process.
