**Read this Booklet Carefully and Completely
Before Beginning Your Credential Portfolio**

Definition of Terms

Portfolio: A collection of work to reflect your learning experiences and display your application of knowledge through completing the course work for a Registry Credential. A portfolio is typically packaged in an e-Portfolio program to complete the requirements for commission.

Rationale: The explanation and/or demonstration of how you applied and used the knowledge and skills you learned from the credential courses to fulfill a portfolio requirement. Consider this the ‘story of your journey’ and reflect on your application of knowledge through the completion of specific work samples.

Work Samples: Supporting documentation

Reasons for Creating a Portfolio

Your portfolio is a creative, living document that will include a variety of materials to reflect your learning journey. A portfolio gives you the opportunity to:

- Present a comprehensive collection of your work to demonstrate your ability to integrate and apply the knowledge and skills taught in the credential into best practice.
- Use self-reflective skills to advance and plan for future professional development.
- Validate your competency within the field as a professional.

Although each portfolio will be unique, there are specific requirements that must be met to complete a Registry Credential. Your portfolio is a compilation of your best work from the following six credential courses:

- Course 1: ECE: Health, Safety, and Nutrition
- Course 2: ECE: Child Development
- Course 3: ECE: Social Studies, Art, and Music
- Course 4: ECE: Guiding Children’s Behavior
- Course 5: ECE: Early Language & Literacy
- Course 6: ECE: Preschool Practicum

Although the Preschool Credential courses can be taken in any order, it is recommended the Preschool Practicum course be taken last in the credential course series.

Your portfolio will be presented to a Registry Commissioner who will determine if you have met all requirements for the credential. This guide will provide you with the information you need to successfully put your portfolio together.

Overall Composition and Required Sequence of Your Portfolio

Electronic Portfolios

It is **highly recommended** that your portfolio be completed electronically. Effective January 2022, **an e-Portfolio is the only format acceptable at both virtual and in-person commissions.** When creating an electronic portfolio, check with your Capstone instructor for the e-Portfolio program used by the college. Please note, your Capstone instructor may not give you an option of portfolio format and solely require an e-Portfolio for your course.

Examples of e-Portfolio sites include:

- Blogger (https://www.blogger.com/about/?r=1-null_user)
- LiveBinders (<http://www.livebinders.com>)
- Google Sites (<https://sites.google.com/site/eportfolioapps/>)
- Weebly (<https://www.weebly.com/>)

Did you know?

- All the above sites have a FREE option available to create your e-Portfolio.
- Each e-Portfolio site has tutorials to help you get started.
- You can search YouTube for easy-to-follow videos of folks demonstrating how to create an e-Portfolio.

When creating an e-Portfolio, there are a few things you should keep in mind.

1. As a precaution, back up ALL your documents onto a secure drive (flash drive, etc.).
2. The electronic portfolio you create will be organized much as you would a three-ring binder. You will create and use tabs just as you would use tabs in a binder to set up and organize materials into categories.
3. While certain content is required to demonstrate the range and depth of your knowledge and skills, individuals have a great deal of flexibility and creativity in making their e-Portfolios unique by selecting from a range of templates available.
4. Remember this is a professional portfolio so all work must be clearly written, grammatically correct and contain minimal spelling errors.

Before you send your e-Portfolio, don't forget to **check the privacy settings** on the e-Portfolio program to be sure the Commissioner will have access. When emailing your e-Portfolio link to the Commissioner, be sure to include any permissions and/or passwords needed to view the portfolio.

Remember e-Portfolio programs are public sites, so you should not include YouTube video links, sensitive personal information, or financial documents within your e-Portfolio for confidentiality reasons. Instead, send any confidential documents in a separate email to the Commissioner and follow the directions for safe video sharing.

The Wisconsin Registry Preschool Credential Portfolio Guide

Physical Portfolios

Physical portfolios are only accepted at in-person commissions. If you elect to create a physical portfolio as a collection of typed documents presented in a three-ring binder format, you need to keep the following in mind.

- Be sure you have all original documents saved on a secure drive (flash drive, etc.) before mailing your portfolio to the Commissioner.
- If you are submitting videos, post them privately to YouTube for Commissioner viewing. Guidelines and information for submitting videos are included in this guide under the content area *Teaching Practices*. **Do not send videos on a flash drive or any other kind of device; they will not be viewed.**
- Clearly label your portfolio and any pieces of your project with your name. Be sure any items that are part of your project can be easily identified.
- You are responsible for mailing your physical portfolio to your assigned Registry Commissioner, so it is delivered by the portfolio due date. The Commissioner will return your physical portfolio to you in-person during the commission.

Portfolio Sequence

Whether you choose to create an electronic or physical portfolio, your portfolio must be put together in the sequence indicated in the credential portfolio/project guide. Be sure to include the following:

- Your name should be on the first page of the e-Portfolio or on the outside cover of the physical binder portfolio.
- Include a title page and table of contents.
- Label each section and category of an e-Portfolio or use dividers/tabs between each section of a physical binder.
- Categories must be in the required sequence and must include the required portfolio components noted in the credential portfolio/project guide.
- Strive to make your portfolio professional, creative, and attractive with written work that is clear, legible, descriptive, grammatically correct, without spelling errors, and is free of gender or cultural bias.

The Wisconsin Registry Preschool Credential Portfolio Guide

Considerations for Portfolio Work Samples

- Work samples are the “**what**” of your portfolio.
- Work samples are of **your own work** related to children from three years to five years or the end of kindergarten.
- Each work sample should represent knowledge you have gained from the credential courses.
- When using work from another source, such as a planning or observation form that you have filled in, be sure to cite it appropriately.
- Choose a sample of your work that fits the category. This may be something you’ve developed previously, but it should reflect enhancements or revisions you’ve added as a result of your learning in the credential courses.
- If the work sample is a form or letter or other document you created, you may wish to also include a description of the process you went through in developing the document.
 - Tell what the need was that brought you to create the form/letter.
 - Describe the decisions made in its development, who you worked with, what choices were considered and why the choices were made.
 - You might also describe the impact or effect of the form or letter. Was it successful? When using it, does it achieve the desired results?
 - In the description, explain the sample in detail to a reader who has never seen it before. Give a description that offers a better understanding of the item than just by looking at the sample alone.
- It is the student’s responsibility to provide media samples in a format that is easily accessible to both your instructor and Registry Commissioner.

Rationales for Portfolio Work Samples

- Each rationale is the “**how**” and “**why**” of the work sample.
- Each work sample must be accompanied by a written rationale that answers the questions required in the portfolio guide.
- A suggested rationale is included in each category that requires a rationale.
- Your rationale must do the following:
 1. Be no more than one page. If you have written more than one page, consider putting some of the information in the description which is part of the sample.
 2. Be concise or as brief as possible when answering the statements in the sample rationale. If you choose not to use the sample rationale template, be sure to address the guided statements in your own words.
 3. Rationales must be typed in 12 pt. font, 1.5-line spacing, with one-inch margins.

- Include the **Verification of Video/Photo Permission Form** that states that you have signed permission to use the child’s photo, video or observation records.
- Obtain written permission signed by child’s parent or guardian using the **Video & Photo Release Consent Form—Parent/Guardian**. Do not include the consent forms in the portfolio, but you must share them privately with the Commissioner by email or have them available to show the Commissioner at the Commission.

Receiving the Wisconsin Registry Preschool Credential

When you have successfully completed the courses required for a Registry Credential and your portfolio is complete, the final requirement is to present your portfolio to a Registry Commissioner. The Commission process steps are explained below:

1. Candidate completes the portfolio/project.
2. Candidate submits a completed *Registration for Commission* form with payment to the Wisconsin Registry.
3. The Wisconsin Registry emails a confirmation of registration, including the Commission details with a payment receipt.
4. Candidate makes delivery arrangements for their portfolio/project based on the instructions received from the Wisconsin Registry or the Instructor.
5. Candidate attends the scheduled Commission.
6. Commissioner notifies the Wisconsin Registry of successful completion of the commission process.
7. Candidate submits to the Wisconsin Registry official documentation of successful completion of credential coursework. Once verified, the Wisconsin Registry sends a Credential Certificate to the candidate.

Request for Commission

Commissions are convened throughout the state several times each year. Candidates who have completed all the credential coursework and are preparing a credential portfolio/project may submit a completed *Registration for Commission* form to the Wisconsin Registry. In most cases, the course instructor will schedule the Commission; however, you may join a scheduled Commission if you are not part of a class. Visit the [Commission page](#) of the Wisconsin Registry website to view the list of upcoming Commissions.

You must submit a *Registration for Commission* form with the required commission fee to be registered to a Commission. The *Registration for Commission* form is located on the [Credential Resource](#) page of the Wisconsin Registry website.

The Wisconsin Registry Credential Commissioners

Registry Commissioners are early care and education professionals who have been trained to objectively evaluate your portfolio/project using the assessment tool designed for each specific credential. Each Registry Commissioner has completed at least one of the Wisconsin Registry Credentials, presented a project or portfolio, and successfully completed the commission process.

The Commission Process

Your portfolio/project must be received by the Registry Commissioner **at least ten (10) days prior** to the date of the commission for review. Please review the portfolio/project assessment form available on the [Credential Resource](#) page of the Wisconsin Registry website to ensure you have included all required components. If you have visuals, such as display/picture boards, samples, blueprints, or scale models do not submit them with the written portion of your project. You may share these with the Commissioner at the commission.

There are two parts to the Commission.

1. **Presentation of your Learning Story:** Your classmates and other credential candidates will be present during your presentation. The time frame for individual presentations is at the discretion of the commission host and based on the commission group size. In approximately 5-10 minutes address the following questions within your presentation.
 - How has the Preschool Credential changed you as a provider?
 - What does completing this credential mean to you?
 - What are you passionate about as it relates to the education of children three to five years of age?
 - How will you contribute to quality early childhood education in the future?
2. **Individual Meeting with the Commissioner:** You will meet with the Registry Commissioner to complete the commission process. This is an opportunity for the Commissioner to ask you any questions s/he may have about your portfolio/project. The Commissioner will give you feedback and comments about your portfolio/project. You will be informed if you have successfully completed the commission during your individual meeting with the Commissioner. If your commission portfolio/project is incomplete, the Commissioner will advise you on what you will need to do to complete the portfolio/project. If you are asked to submit additional materials, you

will submit them directly to the Commissioner by the deadline provided by the Commissioner. In the event the additional materials are not submitted as requested by the deadline, you will not pass the commission.

Awarding the Credential

You will receive your Credential Certificate when you have done the following:

- Received a Registry Career Level Certificate or submitted a complete application for membership. If your first-time application is put on “Incomplete” status, you will not receive your Credential Certificate until the necessary fee or information is received and the “Incomplete” status is resolved.
- Successfully completed the commission process.
- **Submitted Credential Course Documentation:** Please note that your credential **will not** be verified until the Wisconsin Registry receives an official transcript showing successful completion of all six credential courses. Official transcripts must be sent directly to the Wisconsin Registry in an unopened, originally sealed envelope or by secure email from the institution of higher education. Photocopies of official transcripts, grade reports, or unofficial transcripts are not accepted. You must receive a C- or better in each course to be eligible for the credential.

Appeal Process

You may send a letter to the Wisconsin Registry if you do not agree with the results of your commission. The letter will be reviewed by the Executive Director or designated qualified staff. You will receive a letter indicating the Wisconsin Registry’s decision within 30 days of the receipt of your letter. If your concern has not been resolved to your satisfaction, you may request that The Board of Directors review your project and your letter of appeal. The Board of Directors will review your appeal at the next regularly scheduled meeting. The Wisconsin Registry Board meets four times per year and the board meeting schedule is available on the Wisconsin Registry website.
