# The Wisconsin Registry Program Development Credential

**Read this Booklet Carefully and Completely  
Before Beginning Your Credential Portfolio**

## Definition of Terms

**Portfolio:** A collection of work to reflect your learning experiences and display your application of knowledge through completing the course work for a Registry Credential. A portfolio is typically packaged in an e-Portfolio program to complete the requirements for commission.

**Project:** A unique piece of planned work that is completed over a period of time and intended to demonstrate how you apply the acquired skills learned through completing the course work for a Registry Credential to increase the successful operations of your program.

**Rationale:** The explanation and/or demonstration of how you applied and used the knowledge and skills you learned from the credential courses to fulfill a portfolio requirement. Consider this the ‘story of your journey’ and reflect on your application of knowledge through the completion of specific work samples.

## Reasons for Creating a Portfolio

Your portfolio is a creative, living document that will include a variety of materials to reflect your learning journey. A portfolio gives you the opportunity to:

- Apply the comprehensive knowledge gained from completing the credential.
- Reflect on your general beliefs and attitudes regarding your experience in program development.
- Start, continue, or complete a project that is relevant to your work in program development in the field of early care and education.

Although each portfolio will be unique, there are specific requirements that must be met to complete a Registry Credential. Your portfolio is a compilation of your best work from the following four credential courses:

Course 1: Introduction to Program Development

Course 2: Observation, Assessment & Evaluation

Course 3: Designing Environments for Learning

Course 4: Credential Capstone— Staff Supervision, Coaching & Professional Development

**Courses 1-3 may be taken in any order, but the Capstone Course must be taken last.**

Your portfolio is more than a collection of written documents about what was covered in the credential course; it will include the full development of your Commission project. The Commission project must clearly demonstrate your program development skills, as well as meet the criteria established for the final project. Your project proposal must be approved by your instructor prior to beginning the project. You will find a Project Approval Form on page 11.

Your portfolio will be presented to a Registry Commissioner who will determine if you have met all requirements for the credential. This guide will provide you with the information you need to successfully put your portfolio together.

## Overall Composition and Required Sequence of Your Portfolio

### *Electronic Portfolios*

It is **highly recommended** that your portfolio be completed electronically. Effective January 2022, **an e-Portfolio is the only format acceptable at both virtual and in-person commissions.** When creating an electronic portfolio, check with your Capstone instructor for the e-Portfolio program used by the college. Please note, your Capstone instructor may not give you an option of portfolio format and solely require an e-Portfolio for your course.

Examples of e-Portfolio sites include:

- Blogger ([https://www.blogger.com/about/?r=1-null\\_user](https://www.blogger.com/about/?r=1-null_user))
- LiveBinders (<http://www.livebinders.com>)
- Google Sites (<https://support.google.com/sites/answer/6372878?hl=en>)
- Weebly (<https://www.weebly.com/>)

Did you know?

- All the above sites have a FREE option available to create your e-Portfolio.
- Each e-Portfolio site has tutorials to help you get started.
- You can search YouTube for easy-to-follow videos of folks demonstrating how to create an e-Portfolio.

When creating an e-Portfolio, there are a few things you should keep in mind.

1. As a precaution, back up ALL your documents onto a secure drive (flash drive, etc.).
2. The electronic portfolio you create will be organized much as you would a three-ring binder. You will create and use tabs just as you would use tabs in a binder to set up and organize materials into categories.
3. While certain content is required to demonstrate the range and depth of your knowledge and skills, individuals have a great deal of flexibility and creativity in making their e-Portfolios unique by selecting from a range of templates available.
4. Remember this is a professional portfolio so all work must be clearly written, grammatically correct and contain minimal spelling errors.

Before you send your e-Portfolio, don't forget to **check the privacy settings** on the e-Portfolio program to be sure the Commissioner will have access. When emailing your e-Portfolio link to the Commissioner, be sure to include any permissions and/or passwords needed to view the portfolio.

**Remember e-Portfolio programs are public sites, so you should not include YouTube video links, sensitive personal information, or financial documents within your e-Portfolio for confidentiality reasons.** Instead, send any confidential documents in a separate email to the Commissioner and follow the directions for safe video sharing.

## *Physical Portfolios*

**Physical portfolios are only accepted at in-person commissions.** If you elect to create a physical portfolio as a collection of typed documents presented in a three-ring binder format, you need to keep the following in mind.

- Be sure you have all original documents saved on a secure drive (flash drive, etc.) before mailing your portfolio to the Commissioner.
- If you are submitting videos, post them privately to YouTube for Commissioner viewing. Guidelines and information for submitting videos are included in this guide under the content area *Teaching Practices*. **Do not send videos on a flash drive or any other kind of device; they will not be viewed.**
- Clearly label your portfolio and any pieces of your project with your name. Be sure any items that are part of your project can be easily identified.
- You are responsible for mailing your physical portfolio to your assigned Registry Commissioner, so it is delivered by the portfolio due date. The Commissioner will return your physical portfolio to you in-person during the commission.

## *Portfolio Sequence*

Whether you choose to create an electronic or physical portfolio, your portfolio must be put together in the sequence indicated in the credential portfolio/project guide. Be sure to include the following:

- Your name should be on the first page of the e-Portfolio or on the outside cover of the physical binder portfolio.
- Include a title page and table of contents.
- Label each section and category of an e-Portfolio or use dividers/tabs between each section of a physical binder.
- Categories must be in the required sequence and must include the required portfolio components noted in the credential portfolio/project guide.
- Strive to make your portfolio professional, creative, and attractive with written work that is clear, legible, descriptive, grammatically correct, without spelling errors, and is free of gender or cultural bias.

    - i. Enhanced the development of your skills in program development
    - ii. Improved your effectiveness in program development with children, families, and staff
    - iii. Challenged you to risk going beyond your comfort level
    - iv. Made an impact in your program and/or community
  - b. Incorporate course objectives to help you express what you learned in this credential.
  - c. Include how the process of completing your project has helped you grow as a leader.
  - d. Share what is next in your nature-based learning journey.

## ***Project Section***

The Wisconsin Registry Program Development Credential Project will demonstrate your ability to integrate and apply the knowledge and skills taught in the four credential courses. Your final project **must be** the development of an individual or group plan for change.

- Your final project plan requires the approval of the instructor.
- Your final project must incorporate applications of program development theory and/or practice.
- Your project must include a list of references and resources.

## **The project must include each of the following six (6) elements:**

1. Abstract
  - a. Start with the title of your project. Then describe in a 1-page narrative a summary of the entire project. Include your project goals, what you did, how you did it, and your overall evaluation of your project.
2. Project Approval Statement (*included on page 13*)
3. Identification of the Problem or Improvement Need—This is your purpose.
  - a. Describe in detail how you determined this project was needed.
  - b. Explain how you developed your project and what you expected to achieve.
  - c. Identify the change or problem you addressed.
4. Philosophy of Professional Development completed in course four.
5. Program Improvement Project—Implementation Plan
  - a. This is your plan of action for implementing an innovative and substantive quality improvement project in your program.
  - b. Develop a program improvement initiative (project) that substantially increases your program's ability to meet high quality standards.
  - c. The Implementation plan will include:
    - i. Environment
    - ii. Staff Development
    - iii. Defined outcomes for children, families, staff and for the program
    - iv. Methods of assessing and evaluating effectiveness of change in program
    - v. Address cultural competence as it relates to the project
    - vi. Integrate related WI Model Early Learning Standards
    - vii. Identify specifically how the project substantially increases your program's ability to meet high quality standards

# The Wisconsin Registry Program Development Credential

---

6. Reference Section should:
  - a. Contain a list of at least 6 **credible** sources of information which explains the background for your project research.
  - b. References may include books and journal articles etc.
  - c. All references must be documented in your reference section and cited appropriately using APA style.

## **Confidentiality**

If pictures, video, and/or observations of children are included, it is important that the child and family remain anonymous to maintain professional confidentiality. If this confidentiality is violated, requirements of the credential will not be fully met.

- You must include a signed **Video Recording & Photos—Credential Student Agreement Form** in your e-portfolio. Review this document carefully.
- Include the **Verification of Video/Photo Permission Form** that states that you have signed permission to use the child’s photo, video, or observation records.
- Obtain written permission signed by child’s parent or guardian using the **Video & Photo Release Consent Form—Parent/Guardian**. Do not include the consent forms in the e-portfolio, but you must share them privately with the Commissioner by email or have them available to show the Commissioner at the Commission.
- Review the [Student Commission Toolkit](#) and [YouTube Video Tutorial](#) on how to upload a video to YouTube for commissioner viewing. These resources are available on the Wisconsin Registry website under [Credential Resources](#).

## Receiving the Wisconsin Registry Program Development Credential

When you have successfully completed the courses required for a Registry Credential and your portfolio is complete, the final requirement is to present your portfolio to a Registry Commissioner. The Commission process steps are explained below:

1. Candidate completes the portfolio/project.
2. Candidate submits a completed *Registration for Commission* form with payment to the Wisconsin Registry.
3. The Wisconsin Registry sends a confirmation letter including the Commission details with a payment receipt.
4. Candidate makes delivery arrangements for their portfolio/project based on the instructions received from the Wisconsin Registry or the Instructor.
5. Candidate attends the designated Commission.
6. Commissioner notifies the Wisconsin Registry of successful completion of Commission.
7. If official documentation and payment have been received, the Wisconsin Registry sends a Credential Certificate to the candidate.

## Request for Commission

Commissions are convened throughout the state several times each year. Candidates who have completed all the credential course work and are preparing a credential portfolio/project may submit a completed *Registration for Commission* form to the Wisconsin Registry. In most cases, the Capstone instructor will schedule the Commission; however, you may join a scheduled Commission if you are not part of a class. Visit the [Commission page](#) of the Wisconsin Registry website to view the list of upcoming Commissions.

You must submit a *Registration for Commission* form with the required commission fee to be registered to a Commission. The *Registration for Commission* form is located on the [Credential Resource](#) page of the Wisconsin Registry website.

**Fax** your *Registration for Commission* form to (608) 222-9779 or **mail** your form to:

Wisconsin Registry  
Attn: Credentials  
2908 Marketplace Drive #103  
Fitchburg, WI 53719

# The Wisconsin Registry Program Development Credential

---

The following requirements must be completed when submitting the *Registration for Commission* form:

- **Registry Membership:** All credential candidates must have a Registry Membership or must apply to the Wisconsin Registry prior to commissioning. You do not need to include a copy of your Registry certificate; the Wisconsin Registry will confirm your membership in the system. Standard application processing time is 5-7 weeks.
  - **If you have never applied:** Visit our website at [www.wiregistry.org](http://www.wiregistry.org) to apply online or download an application. We will verify your application has been submitted when we receive your *Registration for Commission* form.
  - **If you have applied but never received a Registry certificate because you were not eligible, or your application was incomplete:** You must submit a one-year renewal with any documentation that was missing previously. Visit our website at [www.wiregistry.org](http://www.wiregistry.org) to renew online or download an application.
- **Commission Fee:** Each student is required to pay a \$150 Commission fee. Once paid, commission fees are non-refundable and non-transferable. Payment in full must be included with the *Registration for Commission* form. The Wisconsin Registry will send you a payment receipt with your confirmation letter including the commission details. The commission fee covers the processing of the credential and administration of the commission system. If you are a T.E.A.C.H. scholarship recipient, contact your T.E.A.C.H. counselor for information on the reimbursement process. Visit <http://wisconsinearlychildhood.org/programs/teach> for more information.

## The Wisconsin Registry Credential Commissioners

Registry Commissioners are early care and education professionals who have been trained to objectively evaluate your portfolio/project using the assessment tool designed for each specific credential. Each Registry Commissioner has completed at least one of the Wisconsin Registry Credentials, presented a project or e-portfolio, and successfully completed the commission process.

## The Commission Process

Your portfolio/project must be received by the Registry Commissioner **at least ten (10) days prior** to the date of the commission for review. Please review the portfolio/project assessment form available on the [Credential Resource](#) page of the Wisconsin Registry website to ensure you have included all required components. If you have visuals, such as display/picture boards, samples, blueprints, or scale models do not submit them with the written portion of your project. You may share these with the Commissioner at the commission.

# The Wisconsin Registry Program Development Credential

---

There are two parts to the Commission.

1. **Presentation of your Learning Story:** Your classmates and other credential candidates will be present during your presentation. The time frame for individual presentations is at the discretion of the commission host and based on the commission group size. In approximately 5-10 minutes address the following questions within your presentation.
  - What is your project? Give a brief overview and present/explain any supporting materials.
  - How has the Program Development Credential changed you as a provider?
  - What does completing this credential mean to you?
  - Having completed your credential, what are your next steps as a program developer in the early childhood care and education field?
2. **Individual Meeting with the Commissioner:** You will meet with the Registry Commissioner to complete the commission process. This is an opportunity for the Commissioner to ask you any questions s/he may have about your e-portfolio/project. The Commissioner will give you feedback and comments about your e-portfolio/project. You will be informed if you have successfully completed the commission during your individual meeting with the Commissioner. If your commission e-portfolio/project is incomplete, the Commissioner will advise you of what you will need to do to complete the e-portfolio/project. If you are asked to submit additional materials, you will submit them directly to the Commissioner by the deadline provided by the Commissioner. In the event the additional materials are not submitted as requested by the deadline, you will not pass the commission.

## Awarding the Credential

You will receive your Credential Certificate when you have done the following:

- Received a Registry Career Level Certificate or submitted a complete application for membership. If your first-time application is put on “Incomplete” status, you will not receive your Credential Certificate until the necessary fee or information is received and the “Incomplete” status is resolved.
- Successfully completed the commission process.
- **Submitted Credential Course Documentation:** Please note that your credential **will not** be verified until the Wisconsin Registry receives an official transcript showing successful completion of all four credential courses. Official transcripts must be sent directly to the Wisconsin Registry in an unopened, originally sealed envelope or by secure email from the institution of higher education. Photocopies of official transcripts, grade reports, or unofficial transcripts are not accepted. You must receive a C- or better in each course to be eligible for the credential.

## Appeal Process

You may send a letter to the Wisconsin Registry if you do not agree with the results of your commission. The letter will be reviewed by the Executive Director or designated qualified staff. You will receive a letter indicating the Wisconsin Registry’s decision within 30 days of the receipt of your letter. If your concern has not been resolved to your satisfaction, you may request that The Board of Directors review your project and your letter of appeal. The Board of Directors will review your appeal at the next regularly scheduled meeting. The Wisconsin Registry Board meets four times per year and the board meeting schedule is available on the Wisconsin Registry website.

## Video Recording & Photos—Credential Student Agreement

**This is a required form. Failure to submit this form with your credential portfolio will result in unsuccessful completion of the commission process.**

Video clips and/or photos are included in your credential e-portfolio because it adds richness and valuable context to the evaluation of your teaching. However, because videos and photos will almost always include identifiable images of children, their use carries some significant ethical and legal responsibilities. For reasons of privacy and safety, many parents are concerned about their children appearing in videos and photos, especially any that might be used outside the classroom. For both legal and ethical reasons, *those concerns must be respected at all times*. Doing so requires you to adhere to the following guidelines:

- 1. Parents and guardians must be asked to consent to having their child appear in a video or photo.**  
Permission from a supervisor or director to video record and take photos must also be confirmed.  
Supervisor/Director signature: \_\_\_\_\_ Date: \_\_\_\_\_
- 2. Before creating a video or taking a photo, you must guarantee the following:**
  - Any children whose parents did not grant permission to appear in the video recording or in photos is identified. To avoid including those children in the video or photo, the camera must be positioned to not capture their images. If necessary, focus the camera on you teaching the activity, or on the backs of the children or the children's hands. Any faces captured of children not given permission to be in the video or photo must be blurred out. *Important note: Non-consenting children must not be excluded from the learning experience.*
  - Any student work you submit as part of the credential portfolio must not contain any identifying information about the child, including but not limited to, the child's name, any clothing that identifies the child or the location the video or photo was taken, or any items in the environment that can pinpoint the location of the video recording or photo.
  - The locator is turned off on your device before video recording or taking the photo to maintain confidentiality.
- 3. Once created, video clips and/or photos must be submitted as part of your credential e-portfolio requirements and can be shared with your course instructor but must not be shared or distributed beyond that.**
  - Video clips and photos are created solely to be used as part of your credential commission.
  - No part of a video or photo (whether or not included with your submission) should be used for any other personal or professional purposes, including but not limited to, being posted online for purposes outside the commission process, shared with your family or friends, shared with the children's families, posted on social media, included in a job portfolio, or used within a presentation.
  - **Anyone suspected of misusing video clips and/or photos will be reported to the Wisconsin Registry. This violation falls under the FERPA laws and are subject to an investigation. Other possible civil and criminal investigations and/or penalties can apply.** *Remember: Once you have shared the video or photo electronically with anyone, you have effectively lost control of it.*
- 4. Once you have received confirmation that you have successfully completed the credential commission requirements, video clips and photos must be deleted.** This includes not only the segments submitted, but any photos or video material created as part of your effort to prepare for and complete the credential portfolio requirements.

I have read the above guidelines and agree to follow them.

## Video & Photo Release Consent Form—Parent/Guardian

Dear Parent/Guardian,

An early childhood educator in your child’s classroom is pursuing a Registry Credential. Registry Credentials are credit-based programs focused on job specific skills students can apply to their current positions in the childhood care and education profession. To complete the commission requirements for a Registry Credential in Wisconsin, the educator must demonstrate:

- Application of knowledge
- Teaching ability of learning activities
- Interaction with caregiving routines

When photos, videos, and/or observations of children are included in a Credential portfolio, it is important the child and family remain anonymous to maintain professional confidentiality.

To maintain confidentiality, video recordings are shared privately with a Registry Commissioner and course instructor by email and are deleted after completion of the Registry Credential. Photos may be included in portfolio entries as evidence of teaching practice.

**If you give permission below, your child may appear in video recording(s) and photo(s).** If you do not give permission, your child will still participate in the activities, but the camera will be positioned not to capture their image.

**Child Name** \_\_\_\_\_

I am the parent/legal guardian of the child named above. I have received and read the letter above and agree to the following:

*(Please check the appropriate box below.)*

- I DO give permission to include my child in video recordings and photos. I understand the video recordings and photos will be shared only with a Registry Commissioner and course instructor as evidence of teaching practice.
- I DO NOT give permission to video record or photo my child.
