Training Solutions

[Español](#)

Welcome to the latest edition of *Training Solutions* and Happy Spring!

We have some updates and reminders to share with you this month.

- Access to the Wisconsin Registry in Spanish coming soon!
- Best Practices to use when Searching for a Specific Training
- Tips for Trainer and TA Professional Renewals
- An update on the Wisconsin Registry App
- Save the Date for the 2024 PDAs Summit!

As always, please [contact us](#) for any questions you have regarding the news and information below.

Best Regards,

Danielle Earley, Director of Operations

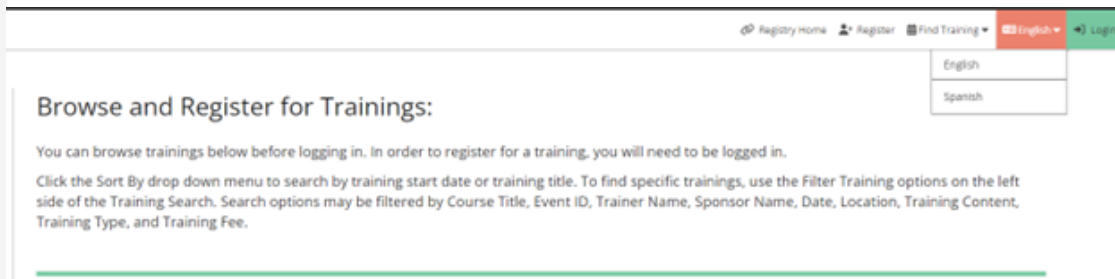

Ashley Salzwedel, Professional Development Coordinator

ACCESS TO WISCONSIN REGISTRY IN SPANISH COMING SOON

Coming soon, users will be able to access the Wisconsin Registry in Spanish! Users will be able to access this feature by selecting the dropdown menu highlighted in the image below.

This new, easy-to-use feature, is available by clicking the **ENGLISH** button in the upper-right hand corner and then selecting **SPANISH**.

This new update does NOT translate Course Information entered by Trainers and Training Sponsor Organizations such as Title, Description, Outline, etc. Trainers offering training in Spanish should continue to type in the information in Spanish.

When this feature goes live, we will include an update in our next Wisconsin Registry Connection newsletter. Stay tuned!

Resumen del curso

Adult/Infant/Child CPR trainings teach you what to do when breathing and cardiac emergencies for infants and children arise until more advanced medical personnel arrive. The trainings are provided by Heart 2 Heart under The American Safety and Health guidelines. The Adult/Infant/Child CPR card is valid for 2 years, the First-Aid card for 3 years. These sessions include the now required AED training.

ID del curso 160165 / Tipo de curso General Continuing Education / Categoría del curso Early Childhood

SEARCHING FOR TRAINING

Are you searching for a specific training, such as T-TAP Courses, Licensing or YoungStar related Train-the-Trainer courses? Try one of the methods below.

- Search for a currently scheduled event on the Statewide Training Calendar by **AREA OF INTEREST** and **CATEGORY**
- Search for a Trainer approved to offer the training by searching the Trainer Directory and filter by **ADDITIONAL ENDORSEMENTS**
- Contact your local Child Care Resource and Referral Training Organization

The new TSO and Trainer approval processes are available now! Please refer to our new [CCFT Training TSO and Instructor Approval Process document](#) for more information.

The screenshot displays a web interface for filtering training. On the left, under the heading "Filter Training", there are three filter sections: "Course Title" with a text input field labeled "Filter by Title"; "Area of Interest" with a dropdown menu currently set to "T-TAP Courses"; and "Category" with a dropdown menu currently set to "All Category". Below the "Category" dropdown, a list of categories is visible: "All Category", "Foundations Course", "Foundations Flipped Course", "Technical Assistance Professional Course", "Technical Assistance Professional Flipped Course", "Training Professional Course", and "Training Professional Flipped Course". On the right side of the interface, there is a "Trainer" section with a tab for "Technical Assistance Professional". Below this is a "Search for Trainers" section with a note "Searching without criteria will display all trainers". It includes a "Trainer Name / ID" search field, a "Trainer Type" dropdown menu, a "Content Area" dropdown menu, and an "Approved to Teach" dropdown menu. At the bottom of the right section is a scrollable list of "Additional Endorsements" including: "PDAS Technical Assistance Professional 2023 Course Instructor", "PDAS Trainer 2023 Course Instructor", "PDAS T-Tap Foundations 2023 Course Instructor", "PDAS Technical Assistance Professional Course trainer", "PDAS Trainer Course trainer", "PDAS T-TAP Foundations Course trainer", "Promoting Mental Health in Young Children", "Pyramid Model Infant Toddler Content Series", "Pyramid Model Preschool Content", and "Pyramid Model Teacher Content".

TIPS FOR TRAINER AND TA PROFESSIONAL RENEWALS

- The Wisconsin Registry advises Trainers and TA Professionals to renew their Registry membership at the beginning of their expiration month so the application can be processed before their membership expires. By

renewing at the beginning of the expiration month, Trainers and TA Professionals will not lose access to the Wisconsin Registry PDASystem.

- If all your documentation is already in your file or uploaded to your Trainer profile, make sure to click the **NO DOCUMENTATION TO SUBMIT** button, to ensure the submitted application goes into the processing queue.
- If the background check on file for a Trainer or TA Professional will be expiring during the current Membership year, submit an updated Department of Justice (DOJ) background check. Even if the background check on file has not yet expired, submitting an updated one will help prevent any delays in processing the application. For step-by-step instructions for how to obtain a background record check, see the [How to Obtain a Criminal Background Record Check](#) guide.

WISCONSIN REGISTRY APP UPDATE

The Wisconsin Registry App, which is used for taking attendance at training events, has recently not been working with new versions of Android phones or iPhones.

Our system developers are aware of this issue and are working on a fix. We will let the Trainer Community know when the app is working for all devices again.

In the meantime, you and/or your Training Sponsor Organization can continue to take attendance through your event on our website.

SAVE THE DATE FOR THE 2024 PDAS SUMMIT!

Make sure to Save the Date for the 2024 PDAS Summit! This years Summit will once again be held at the Harley-Davidson of Madison and will be held on Thursday, September 26, 2024.

The theme of this year's summit is Unpacking Change.
