# PDAS SUMMIT RECAP

The 2023 PDAS Summit was held on Thursday, September 21st with a record-setting 93 individuals in attendance! The summit featured trainers, technical assistance professionals, and community partners who support the early care and education workforce in Wisconsin.

The theme of the 2023 Summit was Setting Course for a Productive Learning Environment, which explored how to create a welcoming, engaging, nurturing, and supportive learning environment in today's climate.

A big thank you to our two outstanding presenters, Dr. Susy Willard Curry and Delechia Johnson. The day started with Dr. Susy Willard Curry leading discussions and activities on creating welcoming and engaging learning environments. In the afternoon, Delechia Johnson focused on creating nurturing and supportive learning environments with a presentation and activities.

Thanks to these two presenters leading the way, the event featured great discussions, self-reflection, and new perspectives shared.

Another highlight of the PDAS Summit every year is the raffle drawing. Several attendees won great prizes, including many prizes that will aid in future trainings!

And of course, the PDAS Summit would not be possible without the support of our sponsors. Thank you to these organizations for sponsoring this year's event!

- Park Bank
- Wisconsin Early Child Association (WECA)
- Wisconsin Child Care Administration Association (WCCAA)
- YoungStar Connect
